

# Supplemental Labeling

## For use in head and stem brassicas and leafy brassica greens.

#### EPA Reg. No. 7969-197

#### **Active Ingredients:**

Boscalid - (3-pyridinecarboxamide, 2-chloro-N-(4'-chloro(1,1'-biphenyl)-2-yl))	70.0%
Inert ingredients	<u>30.0%</u>
Total	100.0%

### **Directions For Use**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in thearea during application. Refer to the **Endura**<sup>™</sup> **fungicide** main label for precautionary statements, first aid and personal protective equipment requirements. This supplemental label must be in the user's possession during application.

### **General Information**

**Endura** provides optimum disease control when applied in a regularly scheduled protective fungicide program and is used in a spray program that rotates fungicides with different modes of action. Refer to the **Endura** main label for general resistance management information and to the crop specific use recommendations and restrictions found in this label.

### **Application Information**

Apply **Endura** according to the rate, timing, resistance management and adjuvant use recommendations in the **Crop Specific Use Directions** (Table A) in this label. Observe the additional general recommendations on application instructions, additive use and mixing order on the **Endura** main label. **Endura** may be applied by ground sprayer, aerial equipment or through sprinkler irrigation systems. Refer to the **Endura** main label for specific instructions on these methods.

### **Restrictions and Limitations**

**Endura** is not for use in greenhouse or transplant production systems.

Follow the restrictions and limitations outlined in the **Crop Specific Restrictions and Limitations** table (Table B) in this label for:

- · Minimum pre-harvest interval (PHI)
- · Maximum rate per acre
- Maximum number of applications
- · Maximum rate per season
- · Livestock grazing or feeding restrictions
- · Aerial application restrictions
